PRESENTATION

Higher College of Performing Arts «Miguel Salcedo Hierro» provides advanced studies in the areas of Dramatic Art, Textual Interpretation (Acting) and Scenography (Set Design).

It was created in 1947 by Miguel Salcedo Hierro, from whom it takes its name. It is one of the oldest centers for artistic education in Spain and the oldest in Andalusia.

The school has around 180 students and around 40 teachers. In accordance with its Educational Plan for the Centre, ESAD Córdoba develops a series of educational projects that make it stand out, not only as a reinforcement of the transversal competences that must be taught as an educational center but also as a benchmark for pedagogical and cultural innovation for the city.
